

**2010. Australian Woodturning Symposium.**

**July 14<sup>th</sup> to July 18<sup>th</sup> 2010.**

**After Dinner**

**Informal Discussion Sessions.**

*It is proposed to have a number of informal after dinner discussion groups on the Thursday and Friday nights. This is an opportunity for all those attending to learn more about understanding the craft of woodturning.*

*Below is listed a number of suggested topics, please list in numerical order your first three preferences of the topics you would like to see discussed. Following the list is a space for you to let us know if you have something you would like to see discussed but is not listed. Please be aware that there is limited time and only the most popular topics are likely to be discussed.*

*If you would like to see any of the session topics indicated below, presented at the symposium please tick the ones you prefer. Return this form with your registration form.*

*If you have other topics that you would like to see presented at the symposium please indicate in the space provided below.*

**Suggested Topics:**

**“Understanding timber” This will cover how to select a blank for turning, drying of timber, roughing out your work to prevent it from moving after finishing.**

**“Tool Sharpening” Learn the different sharpening techniques of the different tools necessary for a good job. Free hand sharpening verses jig sharpening, the use of different grits and grinders.**

**“Chucks” How to get the best out of them and how they can make your turning life easier with the use of the different jaws available.**

**“Finishing on the Lathe” Demonstration and discussion of the various finishes one can use in woodturning.**

**“Oval Turning” See how the Vicmarc oval turning device works and can change your outlook to turning.**

**Any topics you would like to see that is not listed above:**
